“The NPA held its first Local Independent Advisory Group meeting on the 24<sup>th</sup> of January 2024. The group is intended to be a critical friend of the local policing team and were invited to comment on where policing priorities should be, how we can improve what we do and to raise local issues with the police service their communities receive. As this was our first meeting we spent some of the time getting to know each other and working out how the group should work, from this meeting we received some really valuable feedback in several areas and from this we will be making changes to how we manage our social media channels and how we can make better use of our face to face engagement and target this to those communities who are less likely to be online.

Should you be interested in joining the Hinckley and Blaby Independent advisory group please see this link for more info and the application process: [Independent Advisory Groups | Leicestershire Police \(leics.police.uk\)](https://leics.police.uk/independent-advisory-groups)”
